

Company Profile

Who We Are

Saudi Allied Metal Industries (A-Metal) is a leading Saudi metalwork industry that manufactures and distributes building materials and metal products used in construction.

Established in 2000, A-Metal's first industrial plant was inaugurated in 2001 in the First Estate of the industrial city of Jeddah. Its second, state-of-the-art, ISO certified, production plant became fully operational in 2015.

A-Metal is a major supplier to the Middle East and Africa, with a broad network of dealers and agents.

A-Metal is part of the Roots Group UK, a conglomerate of businesses connected through partial and total ownership.

What We Do
